Kindly ask Deepak to collect all files from my office and also clear my dues/remaining fees.

Including case titled as State vs Deepak Chaudhry

09:16

Hi Shamshar Ji. Can you hand over our file to Deepak. Now you have question about you fees. You haven't finished the case. You ran away left us in dark. I believe we have paid you more money than we owe you. If still you think we owe you something please provide us all details of the payment. I remember we had same conversation last time and you fail to provide me details.

Dear sir,

I am just following up as per our discussion this morning, regarding you handing over our files to Deepak.

You mentioned that we did not clear your fees, but you did not even mention what the remaining balance is that's left. I have thoroughly checked my accounts and I found that from Jan 23 to December 23, I have transferred 450,295 R/s. I can provide details of every transaction and amount. This is including High court solicitor fee. (130000). I have also spoken to surinder and Malkit yesterday, and they confirmed further that they have paid you approx, 500000.

This is my humble request, just to consider that we are doing charity work. This is a non profitable charity and we have already lost enough money. Now the matter is no longer in my hands. I do understand you are under tremendous family pressure, and it may damage your image but the circumstances are unconscionable. Could you please kindly hand over our file to Deepak so we can take next step.

I look forward to hearing from you.

Kind regards,
