Punjab Model (Expanding Bombay/Calcutta/Madras)

- In 2022, India's travel healthcare sector was estimated to be worth US\$9 billion and expected to reach \$13 billion by 2026.
- Approximately 2 million patients visit India each year.
- In Aug 2023, the Government of India's Ministry of Home Affairs has announced the creation of the Ayush Visa category for foreign nationals at promoting travel healthcare in India.
- The treatment costs in India start at around one-tenth of the price of comparable treatment in the United States or the United Kingdom.
- The most popular treatments sought in India by medical tourists are joint replacement, cardiac bypass, eye surgery and bone-marrow transplant.
- Many hospitals also give the option of continuing the treatment through telemedicine.
- The strength of India lies in the skills of our doctors, support staff, calibre of our nurses and the state-of-the-art infrastructure.
- In November 2019, The Economic Times stated that of all medical tourist arrivals in India, Maharashtra receives 27%, Chennai receives around 15%, and Kerala receives nearly 5–7% of them.
- It is estimated that over 300,000 Russian medical tourists who travel worldwide every year for healthcare, India receives over 70,000 of them.

Why Chennai attracts about 45 percent of health tourists from abroad arriving in the country.

- Factors behind the tourist's inflow in the city include low costs, little to no waiting period, facilities offered at the specialty hospitals in the city.
- The city has an estimated 12,500 hospital beds, of which only half is used by the city's population with the rest being shared by patients from other states of the country and foreigners.
- Dental clinics have attracted dental care tourism to Chennai.
- Private institutions and organizations have consulted and treated up to 50,000 foreign patients in hospitals across the country.

Indian Investors

Business Networking

Business networking is important because it allows professionals to identify new opportunities and increase their chances of entrepreneurial success.

- Business networking can give you access to new opportunities you might not be able to find on your own.
- It is important to understand how NRI Business Networking benefits you and how it help your business to boost sales, increase efficiency and morale, and build awareness of your brand.

Network Benefits - Bio Listing, Cross Business Referrals, Yearly Functions..

- Free Bio Listing - Business Directory of 20 websites is a repository of various occupations to promote their service.
- Advertisement - NRIPress.in would serve the community by advertising their News, views, ads to sell their products/services with unbiased and fair manners.
- Cross Business Referral - Allow referrals to make a chain of their business for better services and strong network.
- Press Release - Publishing and announcing the latest happening around the globe and achievement of our network professionals. Functions Yearly (Award Nite) - Get together for members so that they share their ideas to knit a better bonding by serving the society.
- Referral Network - Referrals and positive word-of-mouth are the most effective ways to build a small business and most trusted marketing strategy. You get normally high quality and even pre-qualified business

Free 1 year Membership

Although we're not charging any fee but after 1 year, you will pay 10% of your charges to NRI customer visits you. We just need enough to support the cost of maintaining a dedicated team of Admins and developers.

NRIPress.in is based on the NO Profit/No Loss operation. Our NRI Business Directory/20 websites must generate revenue to continue operational cost of the project.

We need your support to run this initiative. By using referral program, we direct our NRI members to your service.

Only one reason is enough: it's the only one of its kind dedicated group to make a strong network of professionals to serve our NRIs.
